

Name _____

Level 1b

Using and Applying Maths	Number	Calculating
I can take part in mathematical activities involving sorting, counting and measuring	I can count objects beyond 10.	I know that addition can be done by counting on and that numbers can be added in any order.
I can use numbers or shapes to make patterns of my own and talk about them	I can read and write numbers to 20	I know by heart number bonds to 5.
I can explain my work using words such as altogether, how many more, how many left, how many each	I can create a repeating pattern.	I start with the largest number and count on when I add.
	I can estimate how many objects there are in a group of up to ten.	I can recognise 1p, 2p 5p and 10p coins
	I know the meaning of too many, estimate, before, after and between.	I can add 2 or 3 sets of numbers together up to ten.
		I can use the words how many more, altogether, less, subtract and fewer.
		I can record number sentences using (+, - and equals).
	Shape, space and measure	Handling Data
	I can compare and describe shapes using language such as larger, smaller, curved, straight	I can put objects into a large scale <i>venn</i> or <i>carroll</i> diagram
	I can sort shapes saying how I have sorted them	I can answer questions about the objects I have sorted
	I can describe the position of objects using: in front of, behind, in the middle of etc.	
	I can compare lengths and put them in order	
	I can order the days of the week
